Whitepaper for the Shilly Wonka Utility Token Shilly Bar

Table Of Contents

Disclaimer

The information shared in this whitepaper is not all-encompassing or comprehensive and does not in any way intend to create or put into implicit effect any elements of a contractual relationship. The primary purpose of this whitepaper is to provide potential token holders with relevent information in order for them to thoroughly analyze the project and make an informed decision.

Certain statements, estimates and financial information shown in this whitepaper are forward-looking statements that are based on and take into consideration certain known and unknown contingencies and risks which in eventuality may cause the estimated outcome or may differ factually and substantially from the featured estimates or results extrapolated or expressed in such forward-looking statements herewith.

Introduction

The official utility token for the Shilly Wonka Shitcoin Factory – Shilly Bar will be the main currency that powers the operations of the Shitcoin factory.

The token will be backed Shilly Wonka and his team Oompa Loompas and the community that has been built for months with completely organic growth! It is also the first ever themed Shitcoin community in the BSC!

The Server

The Shilly Wonka Shitcoin factory is a Discord-based community (https://discord.gg/53xgxzhSJ9) that has been built by Shilly Wonka and the Oompa Loompas for months and has been steadily growing!

In this community, members can share opinions of different projects, share information about the newest shitcoin calls and also just hang out with like-minded people!

The Token (Shilly Bar)

The official utility token for the Shilly Wonka Shitcoin Factory! It will be used for all transactions that happen in the Shitcoin Factory, such as: purchasing VIP memberships, subscribing to the Candy Crates (monthly shitcoin lootcrate), tipping other community members etc.

Tokenomics

Total Supply: 100,000,000,000

Buy/Sell transaction tax: 15%

- 5% goes back to holders as BUSD rewards

- 4% goes to a lottery wallet

- 4% goes to the team

- 2% goes into the liquidity

Token Use-cases

- The token can be used for any and all transactions that happens in the Shitcoin Factory via a third party tipping bot – Tip.cc.
- One of the thing that will be purchasable with our token would be the Golden Ticket Vip of our server which provides several benefits such as:
  - Early access to shitcoin calls in the server
  - Access to secret concoction launches headed by the oompa Loompas
  - Access to exclusive whitelists of collaborating projects
  - Access to different micro-communities within the server
  - And more to come!

Token Use-cases

- The project will also be sustained with the marketing we do for other projects, where it gets additional exposure and we'll also accept payment for our services via Shilly Bars which will result in constant buys from different projects.

- Other than that, holders will receive BUSD rewards just for holding!

- There will also be a regular lottery that holders will be able take part in and win big!

- A play-to-earn game made in collaboration with the Retrocade project will be available for holders of both Shilly Bars and retrocade.

Roadmap

- Initial Phase
  - We've been building the community since July 2021 and during the time, we've focused on creating a safe space for crypto enthusiasts where we find legit gems and call out rugs and honeypots.

- Growth Phase
  - As we grow bigger, we've introduced more and more features to the Shitcoin factory to benefit our community such as getting exclusive whitelist spots for awesome projects, test launching Loompa secret concoctions (mini project launches that the community can take part in) and offering small BNB/BUSD rewards for simple jobs for the community in the server.

- Expansion and beyond
  - We're always looking at more possibilities and we're always happy to listen to suggestions and recommendations from our community! As we grow and expand, we intend to always put the community first, as we will always be a community-focused project.
